Does the student have a <b>1:1 paraprofessional</b> mandate?
<b>Medical Alerts:</b>

Reading Level:	Math Level:
Assessment ( <i>Alternate/Standardized</i> ):	
Expected graduation date:	
Type of diploma/credential:	

*The D75 transition team, student and family acknowledge that application to Coop Tech does not guarantee admission, and that Coop Tech is only a part of a robust transition plan. We discussed and provided the student with all the appropriate instructional opportunities and career training options as they relate to the student's transition plan.*

Please be advised that Coop Tech is a general education vocational program. Classes are taught by general education vocational teachers and range in size from 25-28 students. Coop Tech does not provide students with special education mandated services (i.e. classroom and/or individual paraprofessional support, related services). **These services are provided by the referring school.**
